Situated inside what is believed to be Europe's largest inhabited roundabout we pride ourselves on our home cooked food served in a relaxed and friendly environment

We are proud to be as green as possible here at the Shepherd. Our food waste is turned to bio fuel, all our cardboard, paper, plastic and glass is recycled – and even our menus are printed on recycled paper.

We like to use local and quality suppliers. We are very happy to use Mark Turner and Daughters in Aldershot as our butcher and can happily recommend them on both service and quality (01252) 314045
